(A) Unless otherwise prohibited by prevailing law or policy, in the purchasing of, or letting of contracts for procurement of, personal property, materials, contractual services, and construction or improvements to real property or existing structures for which an invitation to bid, request for proposals, or other procurement document is issued, a local preference of the bid price or total score shall be assigned for a local preference to a respondent, as follows:

1. When deemed to be in the best interest of the County and all other determining factors are equal; a respondent which has a principal office located within Jackson County and which satisfies the definition of a “Local Business” shall be given a preference in the amount of five percent (5%) of the bid price or five percent (5%) of the total points available, whichever is applicable.
2. All Jackson County programs funded by the Florida Housing Finance Corporation (FHFC) are exempt from section 4.8 Local Preference in Purchasing and Contracting of this policy.

(B) If, after application of the local preference there is a tie between two respondents, the award of the project will go to the Local Business.

4.9 Cooperative Purchasing

At the Direction of the Board of County Commissioners the County Administrator, Administrative Services Director and/or Purchasing Agent shall have the authority to purchase from and join with other units of governments in cooperative purchasing ventures when the best interest of the County would be served thereby. It is standard policy of Purchasing to cooperate with other government agencies in the purchase of goods and services required by the County.

The most common form of cooperative purchasing is purchasing from contracts issued by the State of Florida, Federal General Services Administration (GSA), National Joint Powers Alliance (NJPA) and Galveston-Houston Area Council (HGAC) and other government pricing for specific commodities and services.

When any other government agency has competitively bid and awarded any contract for any product or service, Jackson County may purchase that product or service from the awarded vendor at the awarded price if the original bid specifications and award allow it. Where the public purchasing unit administering a cooperative purchase complies with the requirements of this policy, the County, when participating in such a purchase, shall be deemed to have complied with the provisions of this policy.

Documentation requirements: The following documentation is the minimum required to use another government entity’s awarded contract.

FLORIDA STATE CONTRACTS: The current Florida State Contract Number is required. If the contract has fixed unit prices, a copy of the contract is required. If the contract is a percent discount from list, then a copy of the original manufacturer’s list price must be attached. This will usually be in a form of a published price list. If only some of the items on the contract are being sought, then only the pages with those prices are required.

FEDERAL GSA CONTRACTS: A copy of the GSA contract showing the contract name, number and contract term is required. The ordering information page(s) and the page(s) with the pricing are also required. If the contract is a percent discount from list, then a copy of the original manufacturer’s list price must be attached. This will usually be in the form of a published price list. If only some of the items on the contract are being sought, then only the pages with those prices are required.

CONTRACTS FROM OTHER COOPs/GOVERNMENT ENTITIES:

A copy of award letter/memo/agenda item by the government entity to the vendor is required.

4.10 Receiving and Inspection

It shall be the responsibility of each department to designate an employee who, immediately upon receipt of product or service, shall inspect that product or service received by the County to ensure that it meets the specifications as set forth in the purchase order. The employee shall inspect for proper quantities, proper quality, prompt delivery, and no damage. The receiving person should have available a copy of the purchase order and/or the packing list for verification purposes. Any deviations from the purchase order shall be immediately documented by the employee and notice of deviations shall be sent to the supplier and the Purchasing Agent. If the products received were ordered by the Purchasing Agent, the packing list shall be forwarded to the Purchasing Office.

The act of signing a delivery slip does not necessarily constitute acceptance of an order. Any problems with an order shall be documented and reported to the vendor as soon as possible to resolve the issue. Time is of the essence when dealing with problems on an order. If items received are damaged or defective, the Department receiving the goods should not use the items and shall immediately notify the vendor for the corrective action. Failure to timely advise the vendor and/or freight carrier may limit the County's remedies against the Vendor or Supplier. Also, if an item is delivered damaged, the receiving employee has the responsibility to protect it and all packing materials from any further damage, and to make it available to the vendor and/or carrier for inspection.

When signing for services performed, the receiving employee shall sign only for what was actually performed. The receiving employee should never sign blank invoices or service tickets. The receiving employee must ensure that his/her department receives a copy of the service ticket or packing list for the work performed.

4.11 Payment of Invoice

It is the responsibility of the using department to request payment of goods or services received. The County Finance Office has certain policies and procedures to follow and will furnish those upon request and provide instruction.

All payments to vendors shall be in accordance with the Florida Statutes, "Prompt Payment Act," governing payment for goods or services by government agencies. It is imperative that all invoices are paid as promptly as possible.

4.12 Fixed Asset Procedure

Items with a value of more than \$5,000.00 and with an estimated life span of more than three (3) years shall be considered a fixed asset and shall require a property sheet be completed and added to the County's property inventory per established policy.

RFPs are opened publicly at the time and place specified in the RFP and verified for compliance with requirements of the RFP.

5.6 Ranking Firms

The Proposal is distributed to the Ranking Committee for review in accordance with the established time frame. The Ranking Committee shall use an appropriate form, as approved by the Administration and/or Purchasing Agent when short listing firms. The initial shortlist shall depict all firms submitting RFPs. A numerical ranking shall be indicated for each firm. Also, each Selection Committee member's name shall be listed on the form.

The individual rankings must be completed within 7 working days and submitted to the Purchasing Office for tabulation. The Finance Office will validate all ranking forms prior to presenting to the Board for review and/or approval.

5.7 Request for Qualifications

Request for Qualifications shall be prepared by administrative staff, as appropriate, and noticed as in Section 5.5 above. This should be utilized in the recruitment of qualified professional consulting and/or legal assistance. The Notice should include the following:

- Introduction
- General Conditions
- Terms and Conditions
- Background
- Scope of Service Required
- Evaluation Criteria
- Proposal Schedule
- Selection Process

Proposers shall be ranked by a committee designated by the Board or County Administrator and presentations may be made to the Board for consideration.

5.8 Invitation to Negotiate

- Introduction
- General Conditions
- Background
- Evaluation Criteria
- Schedule and Selection Process.

5.9 Contract Negotiations

Upon approval by the Board of the ranking, the County Administrator or designee will negotiate a contract with the top ranked firm. Should the County Administrator or designee be unable to negotiate a satisfactory contract with the top ranked firm within a reasonable time, negotiations with that firm shall be formally terminated. The County Administrator or designee shall then undertake negotiations with the second ranked firm. Failing to satisfactorily negotiate with the second ranked firm, the County Administrator or designee shall terminate negotiations with that firm. The County Administrator or designee shall then undertake negotiations with the third ranked firm.

Should the County Administrator or designee be unable to negotiate a satisfactory contract with any of the selected firms, the County Administrator or designee shall, with the approval of the Board, select additional firms from the original shortlist to continue negotiations or re-advertise. Once a satisfactory contract has been reached, the Board may approve the contract and authorize the Notice to Proceed.

5.10 Bid Bonds/Deposits

Construction bids \$50,000.00 and over will require bid bonds. This bond/deposit shall be for five percent (5%) of the amount of the bid. Unsuccessful bidders shall be entitled to full return of their bond/deposit. Upon determination by the Board, the successful bidder shall forfeit this bond/deposit or a portion thereof, upon failure to enter into a contract or act on the purchase order issued within thirty (30) working days of the bid award date. Note: unless otherwise noted, this bid bond requirement is primarily for construction type bids and NOT for product type bids.

5.11 Bid Submission

Bid/proposals shall be submitted to the County no later than the date and time designated in the instructions. The envelope containing the bid/proposal shall be sealed and marked according to instructions in the specifications. The Purchasing Agent or designee shall date and time stamp each bid/proposal as it is received and file the bids/proposals, unopened, in a secure file until the time designated for the opening. Bids/proposals received after the designated date and time shall be held unopened in the Purchasing Office.

Pre-bid/proposal conferences/contractor's meetings will be held when deemed necessary by the Department Head, Purchasing Agent, Administrative Services Director, or the County Administrator. Notification of the Pre-bid/proposal conferences will be outlined in the bid/proposal package. However, any written material to be distributed to potential respondents must be approved in advance by the Purchasing Agent and made part of the bid/proposal package.

Registration or certification under Florida Statute Chapter 489 is required before any contract is awarded for construction work on buildings or other improvements to real property, except for roads or utilities as specified in Section 489.113, Florida Statutes, or is otherwise exempt under Section 489.103, Florida Statutes.

5.12 Bid/Proposal Opening

Bid/proposals shall be opened in public at the time and place stated in the public notice, a designee from both the Purchasing Office and the Finance Office must be present at all bid openings. The purpose of the bid/proposal opening is to record the bid/proposals received, not to analyze them.

Sealed bids, proposals, or replies received by an agency pursuant to a competitive solicitation are exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution until such time as the agency provides notice of an intended decision or until 30 days after opening the bids, proposals, or final replies, whichever is earlier. A recording of all bid/proposals received shall be available for public inspection. A copy may be provided upon request and a copying charge may apply.

5.13 Rejecting Bids

The Board shall have the authority to reject any and all bids for any or no reason. The County will not be held responsible for any costs incurred by vendors/bidders in the case of rejection.

5.14 Correction or Withdrawal of Bids; Material Mistakes; Cancellation of Awards

A bid submitted to the County as part of a competitive bid procedure may not be withdrawn unilaterally by the bidder. Correction or withdrawal of inadvertently erroneous bids before or after bid opening, or cancellation of awards or contracts based on such bid mistakes, may be permitted where appropriate. Mistakes discovered before bid opening may be modified or withdrawn by written notice received in the office designated in the invitation for bids prior to the time set for bid opening.

After bid opening, corrections in bids shall be permitted only to the extent that the bidder can show by clear and convincing evidence that a mistake of nonjudgmental character was made, the nature of the mistake, and the bid price actually intended. The Board reserves the right to reject any bid containing a material mistake. After bid opening, no changes in bid prices or other provisions of bids prejudicial to the interests of the County or fair competition shall be permitted. Unit price when applicable will be the prevailing decision when an extension price is in error. In place of bid correction, a low bidder establishing a non-judgmental material mistake of fact may be permitted to withdraw its bid if:

1. The bid was submitted in good faith;
2. The magnitude of the error made would make enforcement a severe hardship;
3. The miscalculation was not the result of gross negligence;
4. The bid error was reported immediately to the County;
5. It is not later than twenty-four (24) hours after bid opening, except that if the following day is not a business day for the County. In such case, a withdrawal may be made until 12:00 noon the next County business day.

All decisions to permit the correction or withdrawal of bids, or to cancel awards or contracts based on bid mistakes, shall be supported by a written determination by the County Attorney.

5.15 Award and Contracts

The contract shall be awarded with reasonable promptness by appropriate written notice to the lowest and/or best value responsive and responsible bidder whose bid meets the requirements and criteria set forth in the invitation for bids. An award is not final until a notice of award is provided to the successful bidder or proposer.

Types of Contracts:

Written Contract -- A contract refers to a written document, whether it is a purchase order, formal written contract or other written agreement between the supplier, contractor, and/or vendor and Jackson County. This document establishes the legal working relationship between two parties. It specifies everything that is to be provided: what, when, where, how much, how many, what size, what color, how delivered, where delivered, etc. It specifies how and when payments of goods and services are to be made, maintenance terms, guaranties, etc. The contract establishes in advance the ground rules of the terms and conditions.

A written contract is used when engaging in construction, purchase of goods and/or services where a purchase order is not adequate to describe all the terms and conditions and is required to be executed by both parties. A purchase order is used as backup and processed as encumbrance of funds. The Administrative Services Director, County Attorney, County Administrator, and/or Board must approve the written contract where applicable per the purchasing policy.

Purchase Order -- A purchase order is the County's official legal document of contract between the County and contractor, issued separately or in conjunction with other documents. A purchase order is a contract used to authorize a vendor to proceed with the purchase of goods, services and/or construction as specified, and obligates the County for payment. The purchase order is used in support of other contracts or by itself to establish legal financial obligations. A purchase order may result from price research, informal quotations, sole source or competitive negotiations, or formal solicitation of bids. A purchase order shall be issued after having justification, competitive quotes, and bids or per the Purchasing Policy limits and after confirming the availability of funding. The purchase order must be written so that all the pertinent information is clear, concise, and complete, therefore preventing any unnecessary misunderstandings with the vendor

Change Order -- A change order is processed whenever a change to the original purchase order is necessary. Change orders are completed for modifications to descriptions, unit cost, quantities, etc. The Department Head shall execute any change order and forward to the Purchasing Agent. The change order will be handled as for approval levels just like an original purchase threshold amount. Change orders shall not be used to avoid any standard purchasing procedure for procurement by the competitive procedures. The change order must be clearly and concisely defined as to what changes and justification why the change is being requested.

5.16 Lowest/Best Value Bidder

In determining lowest and/or best value of a bidder, in addition to price, the following will be considered:

- Ability, capacity and skill of the bidder to perform the contract.
- Sufficiency of the financial resources and ability of the bidder to perform the contract or provide the product or service.
- Whether the bidder can perform the contract within the time specified, without delay, interference, or conflict with current workload.
- Character, integrity, reputation, judgment, experience and efficiency of the bidder.
- Quality of performance of previous contracts.
- Previous and existing compliance by the bidder with laws and regulations relating to the contract.
- Quality, availability and adaptability of the supplies or contractual services to the particular use required.
- Ability of the bidder to provide further maintenance and service for the use of the subject of the contract.
- Number and scope of conditions attached to the bid.
- Qualifications of personnel, licensing and corporate qualifications.
- Evidence of improper litigation.
- Use of one or more subcontractors with a record of poor performance.

5.17 Bid Challenge

NOTE: For the purposes of this Section, the County may consider evidence from the ten-year period preceding the subject bid.

Any bid award recommendation may be challenged on the grounds of material irregularities in the bid procedure, or material irregularities in the evaluation of the bid. Such notice of intent of bid challenge shall be made in writing and delivered to the County within seventy-two (72) hours after posting of the intended recommendation of award. A formal written bid challenge shall be filed within five (5) working days in the County Administrator's Office after the date on which the notice of intent of bid challenge has been submitted. Failure to file a timely notice of intent of bid challenge or failure to file a timely formal written bid challenge shall constitute a waiver of bid challenge proceedings. Bidders who do not submit a legitimate bid do not have standing to file a protest. Furthermore, bidders who would not be awarded the subject contract even if the protest were successful lack standing.

The notice of intent of bid challenge shall contain at a minimum: the name of the bidder, the bidder's address, fax number and phone number, the name of the bidder's representative to whom notices may be sent, the name and bid number of the solicitation, and a brief factual summary of the basis of the intended challenge.

The formal written bid challenge shall: identify the challenger and the solicitation involved, include a clear statement of the grounds on which the challenge is based, refer to the

statutes, laws, ordinances, or other legal authorities which the challenger deems applicable to such grounds, and specifically request the relief to which the challenger deems itself entitled by application of such authorities to such grounds. The challenger shall mail a copy of the notice of challenge and the formal written challenge to the apparent best bidder. The County Administrator shall, within ten (10) working days of receipt of the formal written challenge, cause the challenge to be investigated. In the event the challenge is not resolved, the Board shall, within a reasonable time, be presented with the written challenge and the County Administrator's decision to the challenge prior to award of the bid. The procurement, which is the subject of the protest, shall not proceed until a final decision has been made, unless the Board makes a determination that the contract must proceed without delay to protect substantial interest of the County.

Nothing herein relinquishes the County's rights to waive irregularities and formalities in accordance with its bid package and instructions. Further, nothing herein shall create any rights in the unsuccessful bidder. All decisions of the Board shall be final.

Exemption from Competitive Bidding

The requirement for competitive bidding procedures shall be waived for the purchase of:

- Books, periodicals, software, printed materials, artwork, photographs, film, film strips, video tapes, disk or tape recordings or similar material where such materials are purchased directly from the producer or publisher, the owner of the copyright, an exclusive agent with the State, a governmental agency, or a recognized educational institute;
- All heavy equipment repairs may be exempted from the competitive bidding requirements. The affected Department Head or designee shall solicit and evaluate quotations and make a recommendation for award. The Department Head and Purchasing Agent shall review the quotations and provide a recommendation to the County Administrator for awarding the bid.
- The Administrative Services Director is authorized to approve heavy equipment repairs not to exceed \$10,000.00 and the County Administrator is authorized to approve repairs between \$10,000.00 and \$15,000.00. Should a repair exceed \$15,000.00, the County Administrator shall agenda the item for ratification by the Board at a regularly scheduled Board Meeting;
- Commodities or services from established State of Florida, PRIDE, RESPECT, government pricing, Federal General Services Administration contracts and other contracts competitively bid by government entities;
- The purchase, lease, or rental of real property, except to the extent required by State law; Abstracts of Titles for real property; Title insurance for real property;
- Supplies, professional and contractual services from a single source upon certification by the Administrative Services Director stating the conditions and circumstances requiring the purchase. This certification shall set forth the purpose, need and justification that the item or service is the only one that will produce the desired results;
- Public utility services;
- Consultant Services, other than those regulated by Florida Statutes Section 287.055 "Consultants Competitive Negotiations Act;

- Supplies or equipment where compatibility of equipment, standardization of products or services, accessories or replacement parts permits only one reasonable source of supply;
- Grants (direct payment) and Social Services (e.g., burials and indigent patient services);
- Advertisements; Postage; Legal Services, Expert Witnesses; Court Reporter services;
- Dues and memberships in trade or professional organizations; Fees and costs of job- related seminars and training; travel;
- Artists, music ensembles (bands) and other entertainment providers;
- Emergency purchases;
- Other commodities or services, as determined by the Board.

5.18 Sole Source/Single Source

The term “sole source” means that the commodity can be legally and reasonably purchased from only one source. This is usually due to the source owning patents and/or copyrights. A requirement for a particular proprietary item does not justify a sole source purchase if, there is more than one potential supplier for that item. Use of Brand Names and Model numbers does not constitute a sole source.

The term “single source” means that a commodity can be purchased from multiple sources, but in order to meet certain functional or performance requirements (repair parts, matching existing equipment or materials) there is only one economically feasible source for the purchase.

Purchases of goods and/or services from a sole/single source may be exempted from the quoting or bidding requirements upon written demonstration that: (1) the use is justified based on costs or interchangeability factors; (2) the use is recommended by the project architect, engineer, or affected Department Head; (3) the rationale for sole/single source is approved by the County Administrator and/or Board as authorized by the Purchasing Policies.

SECTION 6.0 UNAUTHORIZED PURCHASES

Except as herein provided, it shall be a violation of Board policy for any officer, employee, or agent of the Board to order the purchase of any materials, supplies, equipment, professional or contractual services or to make any contract within the purview of this Policy other than through the guidelines established in this policy. Any purchase order or contract made contrary to the provisions herein shall not be approved, and the County shall not be bound thereby.

Purchases, orders, or contracts that are subdivided to circumvent the Purchasing policy shall be considered unauthorized purchases and are prohibited.

SECTION 7.0 PAYMENT AND PERFORMANCE BONDS

The County Administrator, Administrative Services Director and/or Purchasing Manager shall determine if payment and performance bonds shall be prescribed. Said bond(s) as a requirement shall be included in bid documents, if applicable. All contracts that require payment

and performance bonds from a surety company shall require approval by the Board. Payment and performance bonds shall be at least 100% of the contract price.

A contractor or vendor shall provide a surety bond from a surety company authorized to do business in the State of Florida to guarantee the full and faithful performance of his contractual obligations and the payment of labor and material expended pursuant to the contract whenever and in such amounts as is deemed necessary by the Purchasing Agent and/or the Administrative Services Director.

SECTION 8.0 BIDDERS LIST

A bidders list for the purpose of bid solicitations may be maintained by the County. The list shall consist of firms that apply with the County to be placed on the list. It is the responsibility of any potential bidder to ensure that it is placed on the active bidders list for a particular category of products or services.

The County may remove firms from the bidders list for any of the following reasons:

- (a) Consistent failure to respond to bid invitations three (3) consecutive instances.
- (b) Failure to update the information on file including address, product or service description or business description.
- (c) Failure to perform according to contract provisions.
- (d) Conviction in a court of law of any criminal offense in connection with the conduct of business.
- (e) Clear and convincing evidence of a violation of any federal or state anti-trust law based on the submission of bids or proposals or the awarding of contracts.
- (f) Clear and convincing evidence that the vendor has attempted to give a County employee a gratuity of any kind for the purpose of influencing a recommendation or decision in connection with any part of the Board's purchasing activity.
- (g) Other reasons deemed appropriate by the Board.

SECTION 9.0 CONFLICT OF INTEREST

No elected official, employee, or agent of the County shall participate in the selection, award, or administration of a contract if a conflict of interest, real or apparent would be involved. Such a conflict would arise when the elected official, employee, or agent, or his or her immediate family has a financial or other interest in the firm selected or considered for award. The County's elected official, employees, or agents shall neither solicit nor accept gratuities, favors, or anything, regardless of value, from contractors, potential contractors, or parties to sub-agreements.

Violations of these standards of conduct may result in disciplinary action as set forth in Section 112.371, Florida Statutes provided that such disciplinary action does not conflict with the jurisdiction of the State of Florida Commission on Ethics.

SECTION 10.0 PUBLIC RECORDS

The County is governed by the Florida Statutes Public Records Laws. All bids, RFPs, quotes, and all documentation are open for public inspection once a recommendation for award is made. Certain proprietary and financial information from vendors may be excluded under very strict circumstances. All memos and internal correspondence concerning any purchasing matter are open for public inspection. Official records and documents shall be retained per the requirements set forth in the Florida State Statutes and the General Records Schedule GS1-SL for State and Local Government Agencies.

SECTION 11.0 GRANTS

Pursuant to 2CFR sec. 200.110, Jackson County elects to use the previous standards for an additional one (1) fiscal year term, effective October 1, 2017, through September 30, 2018.

Expenditures from funds other than general fund tax dollars may require special processing because of specific legal terms and conditions placed by the funding agency. Grants often have certain purchasing requirements that are different or additional to the County's Purchasing Policy and they require special purchasing procedures. It is the responsibility of the using department to identify any special purchasing requirements or provisions, notify Purchasing of them, and to ensure that all requirements are followed.

State Housing Initiatives Partnership (SHIP) Grant: Qualifying projects under the SHIP Guidelines do not require Board approval to initiate the bid process. Projects will be bid in accordance with the Purchasing and/or SHIP Guidelines and will be presented to the Board for final approval/award.

SECTION 12.0 CREDIT APPLICATIONS

The County Administrator and/or the Administrative Services Director shall have the authority to approve Credit Applications when it is deemed necessary and in the best interest of the County.

SECTION 13.0 SURPLUS PROPERTY AND DISPOSAL

13.1 Obtaining Surplus Property

The Purchasing Agent and/or the Administrative Services Director has the authority to obtain property from authorized surplus property programs such as other government agencies, manufacturers, business or public auction when purchased in accordance with the Purchasing Policy thresholds.

Surplus property obtained from another government agency (a County, a City) is reviewed and the appropriate process determined by the Administrative Services Director on a case-by-case basis.

Addendum 1

Florida Statutes, Section 255.0991

In accordance with Florida Statute, Section 255.0991 the Board authorizes the addition of the following statement to the Jackson County Policy and Procedure Manual. Board authorization took place on February 27, 2018 during a Regular Board Meeting of the BOCC.

For any competitive solicitation that meets the criteria of Section 255.0991, Florida Statutes, a state college, county, municipality, school district, or other political subdivision of the state shall disclose in the solicitation document that any applicable local ordinance or regulation does not include any preferences that are prohibited by Section 255.0991, Florida Statutes. To ensure compliance any competitive solicitation for a construction project which 50% or more of the cost will be paid from state-appropriated funds must clearly state, Per Section 255.0991, Florida Statutes, Section 4.8 of the Jackson County Purchasing Policy on local preference in purchasing and contracting does not apply.
